Thighhigh for Elf dolll Sooah and lple House doll Sylvia SD size girls.

Sooah's legs are a little heavier than Sylvia's you may need to take this patten in a bit for her. I used stretch lace and 100% stretch cotton/Lycra jersey knits for the stockings. I also used stretch lace for the tops of the stockings. If you don't have stretch lace to trim then add to the top by the of hem you want.

#### Directions:

##### Cut 2

Measure stretch lace around dolls thigh and cut two pieces. Layer lace over top of stocking with WS of lace on RS of stocking and top stitch. If you are not using lace add another 1/4 inch to top of stocking before you cut them out.

Fold over top of stocking with wrong sides together and top stitch in place. I pressed mine in place first.

With right sides together fold lengthwise. Match top of sock at hem, back tack and sew to toe of sock, back-tacking at toe.

Turn right side out.

This box should print out 1 inch by 1 inch
