This box should print out
1 inch by 1 inch

Directions:

Cut 2

Fabric: 4 way stretch, sheer knits such as nylon/Lyara mesh, poly/Lyara knits in light weights. Swim suit lining fabric.

Scrap 1/4 inch elastic.

Sew front crotch with right sides together.

Measure elastic around dolls waist pulling slightly and cut. Sew or serge elastic to top edge of waistline on wrong side of fabric.

Sew up back crotch with RST. With RST, match crotch seams, pin and sew from crotch to toe, repeating for other leg. This keeps the fabric from twisting. Turn right side out.

Fold over the top edge of waistline and top-stitch elastic down.
